About me

I am a motivated person with a high learning rate. I was inspired to change my career path by my students, mainly programmers, whom I taught business English. What I like about it is that every new programming language is a key to a new world. I also enjoy fixing things and improving my code.

In my new job, I would like to learn from experts in my field. I will be happy to tell you more at an interview.

Technologies and projects

Recent projects:

[One Love Page](#) – Fun project, single page with a contact form.

[Weather App](#) – First bigger school project, integrating API and forecast features in pure JS.

[Weather App](#) – New weather app, built from scratch, this time using React.

[Dictionary App](#) – New ways of using API and more advanced React. Done three times faster than the previous one.

- **Collaboration tools:** Trello, Notion, Google Docs, HackMD, GitHub, Gitea,
- **Languages/Frameworks:** HTML, CSS, Bootstrap, JS, React, learning basics of Vue.js,
- **Communication tools:** Slack, Telegram, Signal, Matrix, Discord,
- **OS:** Linux, MacOS (user experience),
- **Hosting:** Netlify,
- **Git,**
- **VS Code.**

Experience

Study of Jewish Culture and Languages at the [University of Wrocław](#).

Autumn 2008 – Summer 2011

Bachelor in Cultural Studies, major: Anthropology of language. Lower Silesia [University in Wrocław](#).

Soft skills

- **Good organization of the workspace** – I like folders, indexes, partitions... and to keep everything in order, so I can easily find it. That's why also I like React, for components.
- **High learning rate** – In IT, constant learning is a must. I built my first single web app after 2 weeks of learning.
- **Communication (NVC)** – Required while coordinating volunteers; very important to keep the expectations clear, express yourself directly and provide sensible feedback.
- **Helpful attitude** – I like working in a closely-knit team where we could be kind and helpful to each other.

Languages

English – Fluent

Polish – Native

Portuguese – B2

Spanish – B1

Hebrew – beginner (passive)

Norwegian – forgotten (passive)

Russian – beginner (passive)

Ukrainian – beginner (passive)

Interests

Gardening, hiking mountains with my collie, learning different alphabets, searching for obscure knowledge on Wikipedia, seeking cool projects on GitHub.
